IMPORTANT INFORMATION FOR STUDENTS AND PARENTS:

- **The Office of Student Health and Counseling Services does NOT have medical services on-site. If you are feeling sick please go see a doctor or go to the nearest hospital in cases of emergency.**

- **Please be aware of the nearest hospitals and doctors to SVA: Scrambling to find a doctor when you are very sick can be extremely stressful and scary (for you and your family). Please make it a priority to know where to go and what to do in case you are sick or face an emergency.**

- **Know what health insurance plan you have: Carry your insurance card; familiarize yourself with the insurance benefits and how insurance works; and know the start and end dates of your insurance plan. You are responsible for using your insurance benefits correctly. For the SVA-sponsored health insurance plan (including finding a doctor, reviewing the benefits brochure, creating an online account, and printing out a temporary ID card), please visit www.sva.edu/uhp for more information.**
