

## AUDIO VISUAL EQUIPMENT

The School of Visual Arts will supply each conference meeting room with a Macintosh computer with speakers for PowerPoint and other digital presentations.

If you plan to show a PowerPoint presentation, please make sure your powerpoint file is saved as a 2008 or latest powerpoint Mac compatible file.

You may also choose to bring a flash drive compatible with a Macintosh computer and/or DVD and CD discs.

If you bring a laptop computer please note that your files will be transferred from your laptop to one of our MacMini computers.

If you have any questions about powerpoint or other digital presentation programs please contact William Fuentes at [wfuentes@sva.edu](mailto:wfuentes@sva.edu)
