Things to Keep in Mind

1. **You must get hired for an internship before applying to this program.**

2. Your internship must be designed for you to work directly with a professional in your field. Freelance work or remote work does not meet this requirement.

3. Your application requires at least 1 week from the date you submit your application to when you can begin your internship to allow enough time to process.

4. Your internship work dates must fall between **September 3 and December 18**.

5. You must complete 150 hours in this internship over the semester (Please note that some graduate programs have their own requirements.)

6. The internship may be paid, unpaid or offer a stipend in addition to receiving credits.

7. During the semester, **undergraduates** taking their first internship for credit will participate in weekly online discussion questions and course work on Canvas. This is required for you to receive the (3) studio elective course credits.

8. We encourage you to meet with a counselor to discuss job search strategies, resumes and cover letters. To make an appointment, you can visit svacd.youcanbook.me

9. Employers are required to provide you a work station, computer and the required programs for your internship. If an employer requires you to use your own laptop and provide programs, please notify Career Development.

10. You may be asked to sign forms such as a confidentiality agreement when hired. Please take the time to understand all of the documents you are signing and be sure to keep a copy of each document for yourself. If you have any questions, you can reach out to Career Development via email or schedule an appointment online.
Before Applying Online

Be sure you have all the following information prepared for the online application:

How will this internship relate to your professional development and your short- and long-term career goals?

What is your agreed upon work schedule?
What days of the week, and what hours each day?
We discourage you from working more than 150 hours total for the semester unless you are getting paid, but it is up to you to create a schedule that works for you. Many students in unpaid internships work about two days per week for 16 hours a week for 10-12 weeks.

Who is your Academic Advisor?

For Fall/Spring internships: How many credits are you registered for before the internship?

For Summer internships: Are you returning in the coming Fall as either a full-time student or a part-time graduating senior?
